Silachari Higher Secondary School
Silachari, Gomati Tripura**

No. F. 1(19)/HM/SLCHSS/2021

Date: 25.11.21

INFRASTRUCTURE

Being a Higher Secondary School, Silachari HS School, Gomati Tripura, has got two streams i.e. Arts and Science. As per the need of the school, the department has set up all the required infrastructure on the campus of the school. It has got sufficient rooms for running the classes of both Arts and the Science streams.

The school has got 20 classrooms of 55 square meter size each and 4 rooms of 50 square meter size (of each room) for the Physics, Chemistry, Biology labs and Library. There are two toilet rooms; one for boys and the other one for the girl students. For the administrative staff, there is an office room and for the teaching staff, there is one separate room to carry out various teaching-learning preparations.

As part of the Games & Sports infrastructure, there is one big hall room of 100 square meter size, used for indoor games and a playground for the outdoor games and sports of 30,000 square meter size.

For food preparation, there is a kitchen room, one separate room for the professional development of the teaching staff and also there is an auditorium room which is used for the cultural programme purpose.

The total number of rooms and the sizes are given below:

Types	Total rooms	Size
Class rooms	20	55 Square Meter
Labs	4	50 Square Meter
Library	1	55 Square Meter
Room for indoor games	1	100 Square Meter
Training centre	1	60 Square Meter
Kitchen	1	25 Square Meter
Toilets	2	15 Square Meter
Administration office	1	55 Square Meter
Staff room	1	55 Square Meter
Auditorium room	1	200 Square Meter
Playground	1	30,000 Square Meter
